# FIND THE FAMILY

## INSTRUCTIONS

Give out all the cards amongst the players. The aim of the game is to create as many families of objects as possible.

by turns, each player will have to ask another player of their choice if they have a specific card. If the player has that card, they will have to hand it in. The player to make more families wins the game!

### HOW TO ASK FOR CARDS?

To ask for a card, we will say:

*"(PLAYER NAME), Do you have the (object) card from the family of (family name)?"*

Example:

*"MARY, DO YOU HAVE THE RULER CARD FROM THE FAMILY OF STATIONARY?"*
